In-person Teacher Training
Pachuca, Hidalgo, MX
Monday, November 14, 2016

- Approx. 25-30 teachers and 25-30 parents in attendance
- Class of 35 4th grade students
- Facilitator worked with students for 45 minute session, covering wellness triangle and making healthy choices
- Facilitator then led 45 minute session to teach educators and parents how to utilize Juntos Contamos resources
- Becky, Mary, and Maria Teresa presented Juntos Contamos to the Hidalgo Undersecretary of Education, who is excited about the program and eager to track its success in Hidalgo
Educator Feedback

ALL post-training survey respondents either agreed or totally agreed that:

(a) They are now aware or more aware of the importance of teaching students about their well-being

(b) Juntos Contamos provides adequate tools to integrate education about well-being into their classrooms
“The best thing about Juntos Contamos is that it reinforces the values that students acquire at home.”
- Educator, Carlos Martinez Balmori School

“I learned the importance of telling my child that the decisions that he makes matter. The training helped me to be better, it just made me consider that making each day better for my son depends on the attention I give him.”
- Parent, Carlos Martinez Balmori School

“This training offered me new alternatives to do my job in a more dynamic manner.”
- Principal, Lazaro Cardenas School

“The best thing about this training is that it showed me how to work with students to manage emotions and activities in an experiential way”
- Principal, Niños Heroes School
